Armin Balija

Full Stack Web Developer

👤 Profile

Experienced Software Developer adept in bringing forth expertise in developing, design, testing and maintenance of software systems.

💼 Employment History

Freelancer at Upwork, Sarajevo

April 2016 — November 2018

I started freelancing as soon as I learned programming. I am quick on my feet and I can fix or simplify any problem presented to me. While working as an Upwork freelancer, I gained a lot of experience and handled many one time projects.

Full Stack Web Developer at Solutions Processors, Miami, USA - Remote

November 2018 — February 2019

Solutions Processors is a Miami based startup, where I worked as a Full Stack Laravel/Vue developer on creating a job posting website: https://remoteanalyticsjobs.com.

Front End Web Developer at Intergo Telecom, Paphos, Cyprus - Remote

February 2019 — July 2019

I was mainly responsible for the UI functionality of the website and making it fully functional and responsive on all devices, as well as constantly improving existing and developing new features.

CTO at Pynn.it, Geneva, Switzerland - Remote

October 2019 — March 2020

Pynn.it is a start-up that is looking to revolutionize social media by introducing socializing over maps. I was responsible for all aspects of the website and I participated in organizing and developing almost all of the back end and front end features and functionalities.

Full Stack Web Developer at ThePen.io, Melbourne, Australia - Remote

March 2020 — Maj 2021

ThePen.io is an Australian based startup with a vision to transform organizational approach in education, where I worked as a full-stack Laravel/Vue Developer.

🎓 Education

Bachelor's Degree, University of Sarajevo, Sarajevo

September 2007 — September 2012
